Press Release

Bionix® Radiation Therapy Announces a Cost Efficient Vacuum Bag Adapter

Toledo, OH, March 11, 2008 - The release of the new T-form SecureVac™ Box Adapter from Bionix Radiation Therapy is a replacement of the current carbon fiber adapter which aids in the positioning of vacuum bags. By placing your vacuum bag over the T-Form SecureVac Box Adapter, the vacuum bag will form around the adapter creating an outline of the adapter. This will create secure repositioning of your vacuum bag throughout the course of treatment.

With an attractive selling price, 3-year warranty, sleek, lightweight design and MR compatibility, the T-Form SecureVac Box Adapter is a must have within the department.

The T-Form line features four immediately available products including; The Prone Breast System, Pelvis Belly Plus System, T-Form Head & Neck, and the T-Form SecureVac Box Adapter.

For additional information on T-Form SecureVac™ Box Adapter, contact Bionix at 800-624-6649 or visit www.BionixRT.com. The T-Form SecureVac Box Adapter is available now for immediate purchase.

About Bionix Radiation Therapy – Since 1984, Bionix Radiation Therapy has been providing the radiation therapy community with the innovative, quality and precise products needed to position, reposition and immobilize patients undergoing treatment. Any of the Bionix manufactured products come with a standard 3-year warranty included. The website provides training videos, product instructions, informative newsletters and an online store for purchases.
